To the Honorable the Judges of the

The undersigned citizens of White  
Township - Respectfully remonstrate  
against the granting of a Public  
road leading from the Lutheran Church  
to a point to intersect Public road  
leading to Lloydsville in said county at or  
near John Mathews lane, for the following  
reasons:-

First: That the petition sets forth that  
the citizens of White Township labor  
under great inconvenience for want of  
a Private Road - and were induced to  
sign the petition aforesaid, for the purpose  
of a private Road, which is now returned  
a Public Road -

Second. That they have already too many  
roads in said Township, which they  
cannot properly keep in repair,

Third, That the tax-payers in said Township,  
are too heavily burdened with taxes in  
keeping what roads they now have in repair.

And your petitioners will ever pray &c.

Camden County, N.J.

At a Court of General  
Sessions of the Peace  
held at Evesburg in and for  
said County on the 2nd day of  
April A.D. 1848 before the Hon-  
orable John Shaw, President Judge  
and John Flanagan and John D.

Thomas Esquires Associate Judges of the said Court.

The Petition of Daniel Miller Burgess of the  
Borough of Millville and Jonathan Lewis, David L.  
Davis, Morgan Reese, Charles Brixner, Patrick  
Minahan and Robert Sagerson the members of  
the Town Council of said Borough was presented  
setting forth. That a common highway  
has for a long period of time existed in said Bor-  
ough, beginning at Main street and running thence  
to the line of the Conemaugh river on the bed of an old  
township road, thence following the course of said  
stream down to a lane known as School alley;  
that said street was recognized as an existing  
street by a certain map drawn by William Slick  
Jr and legalized by an act of Assembly approved  
the twelfth day of March A.D. 1843, said street or  
highway being commonly known as and called  
Conemaugh street. That owing to a want of proper  
courses and distances being given on said map  
the true lines of said Conemaugh street cannot  
now be ascertained and property holders along  
the line of said street have been from time to time  
encroaching on the line of said street until it is  
in some places almost closed and the ap-  
proach to the Conemaugh river is now entirely  
blocked by a building erected on the end of the  
street. Your petitioners have adopted an ordinance

to widen the said street and to fix the width of the same, a copy whereof as also a map showing the plan of lots and the line of said street as fixed in and by said ordinance as hereto attached and made part of this petition. And praying the Court to appoint seven disinterested freeholders of said Borough to view the said premises and to assess damages and contributions as is provided in the Act of Assembly in such case made and provided for and on account of the opening and widening of said street and to make a report thereof to the next term of this Court.

The Court upon due consideration had of the premises do order and appoint N. M. Gregg, Evan Lewis, John Woods, George Hager, John Minahan, Charles Shultz, & Lewis R. Jones, viewers, who after being first duly sworn or affirmed according to law to perform their duties under the Act of Assembly in such cases made and provided, with impartiality and fidelity shall proceed to view the premises described in said petition, having regard to both the advantages and disadvantages caused to the several properties along the line of and adjoining said street, and shall assess and allow to all persons injured thereby such damages as they shall have sustained respectively over and above all advantages; and shall also make assessments for contribution upon all such properties as shall be benefited by the opening, widening or extension of said street, such sums respectively as may have been benefitted over and above all disadvantages.

And the said viewers shall make report of their proceedings herein in writing to the next session of our said Court, describing the properties

upon which agreements have been made, specifically  
stating whether for contribution or for damages,  
with the amounts respectively.

To the Honorable the Judges of the Court of Quarter Sessions of Berks County.

The Petition of Daniel Miller Burgess of the Borough of Millville Jonathan Lewis, David Lewis, Morgan Reese, Charles Bixler, Patrick Minahan and Robert Johnson. The members of the Town Council of said Borough respectfully represent.

That a common highway has for a long period of time existed in said Borough beginning at Main Street and running thence to the line of the Conemaugh River on the bed of an old Township Road, thence following the course of said stream down to a lane known as School Alley. That said Street was recognized as an existing Street by a certain Map drawn by William Hickler and legalized by an Act of Assembly approved the twelfth day of March 1883, said Street or highway being commonly known to and called Conemaugh Street. That owing to a want of proper courses and distances being given on said Map the true line of said Conemaugh Street cannot now be ascertained and property holders along the line of said Street have ever from time to time been encroaching on the line of said Street until it is in some places almost closed and the approach to the Conemaugh River is now entirely blocked by a building erected on the end of the Street. Your petitioners have adopted an Ordinance to widen the said Street and to fix the width of the same, a copy whereof, as also a map showing the plan of lots and the line of said Street as fixed in and by said Ordinance, are hereto attached and made part of this petition.

Your petitioners therefore pray your Honors to appoint seven disinterested freeholders of said Borough to view the said premises and to appraise damages and contributions as provided in the Act of Assembly in such cases made and provided, for and on account of the opening and widening of said Street and to make a report thereof to the next term of this Court.
