

To The Honorable The Judges of The Court of Quarter Sessions of Cambridge County:

The petition of the undersigned citizens of Barr, Black-
lock and Jackson townships in said county respectfully
represents that a road has long since been laid out leading from
Berkele in Beckett townships to Martin Munday's in Jackson
township, that at June Sessions 1879 of your Honorable Court
upon the petition of certain inhabitants of the above named
townships viewers were appointed to lay out a road from St.
Nicholas in Barr township to the last above named point with
power to vacate old roads. That said viewers vacated a portion
of the above named road to wit: from the bridge over Beckett
near William C. Smiths to a point near residence of Mrs. Perquin
and that they supplied that portion by a road running between the same
points. Your petitioners further representing that the said new
road as supplied is on a heavier grade than the old. That it
is not on as good ground and that it has never been opened,
but that it would be burdensome and oppressive to open the
same, and further representing that they are a majority of
the original petitioners for said road residents within the county
aforesaid pray that the portion as above recited be vacated and
annulled and that for that purpose the court will appoint three
persons to view said road on the ground where it has been laid out
and vacate the same and supply it with a new road or on the ground of original road
and make report of their proceedings at next term of Court.
And they will ever say &c.
