To the Honorable, the Judges of the Court of Common Pleas of
Cambria County, Pennsylvania.

We, the undersigned members of the board of viewers of Cambria county, appointed by your honorable Court to view and determine as to the necessity for a public road in Susquehanna Twp., said county and state, between the terminal points specified on the attached order, respectfully report:

That having given due notice of the view and of the time and place of meeting of the viewers to the Commissioners of Cambria County, the Supervisors of Susquehanna Township and the traveling public by printed hand bills as required by law and having been first duly sworn according to law to perform the duties of our appointment faithfully, impartially and to the best of our judgment; all of us met in accord with the notices so given and having carefully viewed the premises and the location suggested for a new road between the terminal points definitely specified on the attached Order of Court and are of the opinion that there is a necessity for a public road as prayed for by the petitioners and therefore we have laid out a public road between said termini as follows: Beginning at a point on the public road ~~xxx~~ 1091 feet in a Southerly direction along said road from its intersection with the road leading from Barnesboro to Garman's Mills, which said point is opposite the Steel Corner Public School House, and extending thence South 8° 50' West 478 feet, South 13° West 423 feet, South 3° 30' West 478 feet, and South 42° 40' West 104 feet to a post at lane leading to property of Joseph Whited, said piece of road as laid out over property of the Sterling Coal Co. and others as indicated on the plot or draft hereto attached and made a part of this report lays wholly within the township of Susquehanna aforesaid.

Witness our hands this 6th. day of December, A. D., 1920.

NOTE. "It shall be the duty of all persons appointed in the several counties of this Commonwealth to view and review any public or private road or bridge, if they shall decide in favor of locating said road or bridge, to endeavor to procure from the person or persons over whose land such location may be made releases from all claims for damages that might arise from the opening of such road or the building of such bridge; and in every case where said viewers shall fail to procure such releases, and it shall appear to them that any damages will be sustained, it shall be their duty to assess the damages and make report thereof signed by a majority of their number, and return the same, together with all releases obtained, to the Court of Quarter Sessions, and the damages so assessed shall be conclusive, or may be subject to appeal, review or modification, as may be provided by existing laws in the different counties of this Commonwealth."

"The persons appointed as aforesaid shall view such ground, and if they shall agree that there is occasion for a road, they shall proceed to lay out the same, having respect to the shortest distance, and the best ground for a road, and in such manner as shall do the least injury to private property, and also be, as far as practicable, agreeable to the desire of the petitioners."
