

To the Honorable A. V. Barker
President Judge of the Court
of Quarter Sessions for Columbia
County,

The petition of the subscribers
inhabitants of East Canaanburgh Township
in said County, respectfully represent:

That a bridge is much wanted
over the Canaanburgh river, being the line
of said township and that of the Township
of Franklin, at the place where main
street (in East Canaanburgh) extended crosses
the said river, into the Township of Franklin,
and that the erection of such bridge will
require more expense than it is reasonable
the said townships should bear, &

Your petitioners, therefore, pray
the Court to appoint proper persons
to view the premises, and take such order
on the subject as is required and directed
by the acts of assembly in such case
made and provided.

And they will ever pray &c.

H. W. STOREY,
Attorney at Law,
JOHNSTOWN, PA.

To the Honorable A. V. Barker, President
Judge of the Court of Quarter Sessions of Leam-
bria County,

The petition of the undersigned residents of
the Boroughs of East Conemaugh and Franklin,
in said County, humbly sheweth,

That a petition was presented to your Honor-
able Court at March Sessions, 1891, by certain
residents of said boroughs, praying the Court
to appoint persons to view and designate a
site for a bridge across the Conemaugh River
at said boroughs, which was done accordingly,
and the persons so appointed did view,
designate and return for approval, a site
for such bridge, commencing at the south-
ly terminus of Main Street in East
Conemaugh, and running in a southerly
direction across said river to Franklin; that
said location is not a suitable one, and
would be inconvenient for the citizens of said
boroughs as well as for the general public;
that the approach to the bridge on the East
Conemaugh side will run through or over
the yards of the Pennsylvania Railroad
Company, and, as your petitioners verily
believe will subject the said Company
and its employes to great inconvenience;
that it will be difficult to locate a street

from the main street in Franklin to connect with the bridge; that a bridge can be located at a point much more convenient for the residents of the two boroughs and vicinity, and which can be constructed at less cost and will not be so expensive to keep in repair.

Your petitioners, therefore, do most respectfully remonstrate against the confirmation of said report, and humbly pray that the same may not be confirmed, and they, as in duty bound, will ever pray, &c

At a Court of Quarter Sessions of the Peace of the County of Summit
held at Chesham in the said County, on the Second day of
March A. D. 1891, before the Honorable the Judges of the same
Court: Upon the petition of divers inhabitants of the ~~township~~ ^{Boroughs} of East Longmeadow and
Franklin in the said County, setting forth that they labor under inconvenience for want of a
road or highway, to lead from
Bridge is much wanted over the Longmeadow river being the
line of said Borough and that of the Borough of Franklin
the place where main Street in East Longmeadow extends
crosses the said river into the Borough of Franklin and that the
erection of such Bridge will require more expense than it is
reasonable the said Borough should bear.

and therefore praying the Court to appoint proper persons to ^{at sit} view and lay out the
same according to law. The Court upon due consideration had of the premises, do
order and appoint J. B. Shermaker SURVEYOR,
and John J. Wood Daniel Warner

And VIEWERS, to view the ground proposed for said
road, and if they view the same, and shall agree that there is occasion for such
road, they shall proceed to lay out the same, having respect to the shortest distance
and the best ground for a road, and in such manner as shall do the least injury to
private property, and also be, as far as practicable, agreeable to the desire of the
petitioners, and that they make a report of their proceedings to the next Court
of Quarter Sessions to be held for said County, stating particularly whether they
judge the same necessary for a public or private road, together with a plot or draft
thereof, and the courses and distances, and references to the improvements through
which it may pass.

BY THE COURT.

Attest:

John A. Dwyer

Clerk.

NOTE.—"It shall be the duty of all persons appointed in the several counties of this Commonwealth to view and review any public or private road or bridge, if they shall decide in favor of locating said road or bridge, to endeavor to procure from the persons over whose land such location may be made releases from all claims for damages that might arise from the opening of such road or the building of such bridge; and in every case where said viewers shall fail to procure such releases, and it shall appear to them that any damages will be sustained, it shall be their duty to assess the damages and make report thereof signed by a majority of their number, and return the same, together with all releases obtained, to the Court of Quarter Sessions, and the damages so assessed shall be conclusive, or may be subject to appeal, review or modification, as may be provided by existing laws in the different counties of this Commonwealth."

"The persons appointed as aforesaid shall view such ground, and if they shall agree that there is occasion for a road, they shall proceed to lay out the same, having respect to the shortest distance, and the best ground for a road, and in such manner as shall do the least injury to private property, and also be, as far as practicable, agreeable to the desire of the petitioners."

"The viewers, as aforesaid, shall make report, at the next term of said Court, and in the said report shall state particularly: first, who of them were present at the view; second, whether they were severally sworn or affirmed; third, whether the road desired be necessary for a public or private road; they shall also annex and return to the Court a plot or draft thereof, stating the courses and distances, and noting briefly the improvements through which it may pass; and, whenever practicable, the viewers shall lay out the said roads at an elevation not exceeding five degrees (except at the crossing of ravines and streams), where, by moderate filling and bridging, the declination of the road may be preserved within that limit."
