4 degrees. The undersigned further report that they
5 endeavored to procure from all the owners of the
6 land over which said road passes releases in writ-
7 ting of all claims to damages that may arise from
8 opening the same, and that they procured such
9 releases from the Howard Lumber company
10 and the Mountain coal company and failed to
11 procure releases from Pennsylvania railroad company
12 John Lovett, Conrad Berschneider and Thomas
13 Michaels Hurs and therefore having taken into con-
14 sideration the advantage to be derived to the said Penn-
15 sylvania railroad company, John Lovett, Conrad
16 Berschneider and Thomas Michaels Hurs, we believe
17 that the same would be greater than the injury
18 done to their properties, and therefore award them
19 no damages for and on account of said road
20 passing through their lands. We further report
21 that before ^{the} said view, public notice of the time
22 and place of meeting of the viewers was given by
23 advertisements put up at the most public places in
24 the vicinity, as required by law ten days before said
25 meeting, and we annex a plot or draft of said road
26 laid out, stating the courses and distances and noticing
27 briefly the improvements through which the same passes
28 and herewith return the releases obtained also the

Counsel for the exceptants to the original report of viewers agree that the scope of the rule to take testimony this day be enlarged so that counsel for the original view may examine witnesses in a position to said exceptions.

I. J. Wissinger being duly sworn according to law testifies as follows:

I was one of the viewers in this road. I was the surveyor. Harry Smay and William Webb, were the other two viewers.

We were affirmed severally by each other. The oath we took "You do solemnly, sincerely and truly affirm that you will perform your duty as a viewer appointed by this order impartially and according to the best of your judgment and to this you affirm". Each of the viewers made that affirmation.

Cross examine by Mr. Kittlee.

There was no magistrate present to administer the affirmation. We subscribed a written affirmation. I think I have it at home somewhere.

I prepared it. The viewers severally administered the affirmation to each other. The written affirmation was not attached to the report of viewers.

Counsel for exceptants object to the testimony of the witness as to the nature and the form of the affirmation taken by the viewers for the reason that said affirmation was a written affirmation and it is in existence and is the best evidence of what was therein contained.

Counsel for view request that the Commissioner take the names of witnesses who were subpoenaed and appeared but did not testify for the reason that Counsel agreed as stated above.
