In the Court of Quarter Sessions of Cambria County, Penna.

To the Honorable F. J. O'Connor, President Judge of said Court:

The petition of the undersigned supervisors of East Taylor Township, said County, respectfully represent:

That a certain public road or highway beginning at the boundary line of the Borough of East Conemaugh and ending at the public highway leading to Ebensburg, being in said Township of East Taylor throughout, has at its southerly end a dangerous precipice, for which guard rails or barriers should be supplied; that said barriers should, for the safety of the traveling public, be placed from the intersection of the said highway and the Borough line of the Borough of East Conemaugh; thence along the said highway in a northerly direction to the land of Emery Keiper, a distance of four thousand eight hundred and fifty (4850) feet; and that the erection of said guards or barriers requires more expense than is reasonable the Township should bear.

Wherefore your petitioners pray the Court to order a view in the manner provided for in the case of roads to view the premises and determine whether or not such guards or barriers are necessary, and whether or not the same would be too expensive for said Township to erect and maintain; and report to make thereon as provided by the Act of Assembly of May 25, 1878, P. L. 150 and its supplements and amendments.
