REPORT OF VIEWERS.

To the Honorable, the Judges of said Court.

We, the undersigned Viewers, appointed by the annexed
Order of the above Court, to view the place proposed for the
Bridge over the Little Conemaugh River connecting Railroad
Street in the Tenth Ward with First Street in the Eleventh
Ward of the City of Johnstown, County of Cambria and State
of Pennsylvania, respectfully report:-

That we were duly sworn or affirmed as members of
the permanent Board of Viewers of Cambria County as shown
by the records of said Court, gave due public notice of
the time and place of meeting of said Viewers by publica-
tion in the Johnstown Daily Tribune and by handbills posted
on the premises and by notices served upon the Commissioners
of Cambria County and upon Tillman K. Saylor, Esq., Solicitor
for the City of Johnstown, at least ten days prior to
the time of the making of the said view, evidence of which
is shown by copy of said notices hereto attached and made
a part of this report; that we met upon the premises
according to the notice given on Tuesday May 8th. 1923 at
10:00 o'clock A. M. and proceeded with the duties of our
appointment.

We viewed the site and locality of the Bridge
proposed to be built, making a personal inspection of the
grounds at points designated in the petition and order.

We find that the proposed new bridge is to replace the present old bridge connecting Railroad Street in the Tenth Ward with First Street in the Eleventh Ward of the City of Johnstown, County of Cambria, Pennsylvania, which is in bad condition and inadequate for the present traffic, therefore, we are of the opinion that a necessity exists for a bridge to replace the old bridge at this site, that the expense of erecting said bridge of sufficient size to take care of the present and future traffic would be burdensome upon the inhabitants of the City of Johnstown and that said expense is greater than the City of Johnstown is able to bear, therefore, we proceeded to lay out said bridge having due respect to the shortest distance and the best ground for the same and in such manner as would be as near as practicable to the desire of the petitioners and at the same time do the least injury to private property, a plot or draft showing the location of said proposed bridge is hereto attached and made a part of this report. The termini of said proposed bridge being shown in said draft.

We gave due consideration to the matter before us and we are of the opinion that there is a necessity for the said bridge as laid out and further that the expense of erecting same would be burdensome upon the inhabitants of the City of Johnstown and more that it is reasonable they should bear and that the bridge is necessary for the traveling public, therefore, we recommend the proper assistance by the County of Cambria.
