Jiled 1 Sept. 1930

Scanlan & Harkins Johnstown, Pennna. IN THE COURT OF QUARTER SESSIONS OF CAMERIA COUNTY, PENNSYLVANIA.

IN THE MATTER

Of ---

No. 4 June Term, 1930.

THE FETITION TO VACATE PART OF A TOWNSHIP ROAD IN MUNSTER TOWNSHIP, CAMBRIA COUNTY, PENNSYLVANIA.

EXCEPTIONS TO REPORT OF VIEWERS

NOW, September 1st, 1930, the undersigned, being taxpayers of Munster Township, Cambria County, Pennsylvania, hereby file Exceptions to the Report of Viewers in the above entitled matter, said Exceptions being as follows:

- l. The petition for the vacation is not in conformity with Rule 308 of the rules for the Courts of Oyer and Terminer and Quarter Sessions of the Peace of Cambria County, Pennsylvania, for the reason that it does not contain a reference to the number and term of the original case, or to the number and page of the docket containing the record thereof.
- 2. The petition for the vacation of the said road does not contain a reference to the number and term of the original case or to the number and page of the docket containing the record of any change of said road, nor does it contain any reference to former proceedings with reference to said road, or any part thereof.

Exceptants aver that the section of road described in said petition comprises parts of three separate roads laid out by the Court of Quarter Sessions of Cambria County, Pennsylvania, and further, that said roads as originally laid out have been subsequently changed by Order of the Court of Quarter Sessions of Cambria County, Pennsylvania, none of which proceedings are referred to in the petition. Exceptants aver that the applicants in their petition and the viewers in their return simply designate a roadway which extends from one point to another without any reference whatsoever to the public highways, parts of which are included in said described roadway.

Exceptants aver that as the return will show the vacation of said described roadway will leave two public highways which now intersect said described roadway end at a blank end or cul de sac.

Exceptants aver that a certain public highway which is much used by exceptants and others lawfully using said highway extends in a northerly direction and intersects with the readway proposed to be vacated. Said public highway is described in the return as the read to Munster and Jamestown Road. Certain of the exceptants, viz, John H. Lamer, Dave Conrad and Alexandra are the owners of farms adjoining said public highway and to vacate the said portion of readway would result in the public highway adjoining the farms of said exceptants ending in a cul de sac, whereas it now terminates in a public highway which gives to the exceptants a way of ingress and egress.

1)

- 3. The petition is defective in that it does not describe the road, a part of which is sought to be vacated.
- 4. The Report of the Viewers was not filed in conformity with Rule 307 of the Rules for the Courts of Oyer and Terminer and Quarter Sessions of the Peace providing that said report "shall be returned and filed within the first week of the term to which it is returnable."
- 5. The Board of Viewers have no authority to make the following finding and conclusion:

"For the convenience of the few who may chance to use the above referred to road the viewers hereby recommend that the same shall be left open as a private road."

- 6. The Court has no authority to vacate a public highway and leave the same open as a private road for the convenience of those individuals who may chance to use the same.
- 7. The Report of the Viewers showing that in their opinion the said road should be continued open for those who chance to use it, the Court would have no authority to approve that part of the report which suggests a vacation of the road as a public highway.
- 8. The application to vacate as filed in the above proceeding is defective for the reason that the application did not set forth in a clear and distinct manner the situation and other circumstances of such road or highway, or of the part thereof which the applicants desired to have vacated as required by the Act of Assembly in such case made and provided.
- 9. The application by petition as filed in the above proceeding is defective in that the said application by petition sets forth no fact whatever as to why the said road, or part of road, had become useless, inconvenient or burthensome.
- 10. The application fails to contain statements of fact which are sufficient to give the Court jurisdiction.
- Il. The exceptants are advised, believe and therefore aver that the Court is without jurisdiction to vacate a part of said road unless the application and view describe a public highway and furnishes to the Court all facts necessary with respect to the location, the termini, etc., of said highway of which any part is proposed to be vacated.

And the exceptants have authorized their attorneys, Scanlan & Harkins to sign these Exceptions.

Illed 21 July 1930

C. RANDOLPH MYERS
ATTORNEY AT LAW
EBENSHURG, PENNSYLVANIA

Kara

IN THE COURT OF QUARTER SESSIONS OF CAMBRIA COUNTY, FENNSYLVANIA.

TO THE HONORABLE, THE JUDGES OF SAID COURT:

The petition of the undersigned, citizens of the Township of Munster, Cambria County, Pennsylvania, respectfully represents:

That a public road has long since been laid out, used and maintained by the public, in Munster Township, Cambria County, Pennsylvania, beginning on the Kaylor-Munster-Jamestown Road at a point approximately 17,424 feet Southward from its intersection, in the Village of Munster, with the Pittsburgh-Philadelphia Turn-pike, and extending thence in a Westerly direction to the Wilmore Dam and Northward to the point of ending on the road leading from Munster to Wilmore by way of O'Hara's Mills and the Welsh Settlement. Being approximately 2.2 miles in length and wholly within the Township of Munster, which road has now fallen into disuse and disrepair and is burdensome to the taxpayers of the Township

Your petitioners, therefore, pray the Court to inquire of and vacate said road, and for that purpose to appoint viewers according to law to view said road and inquire of the premises, and make return of their proceedings, according to the Act of Assembly in such case made and provided.

In the Matter of

The Petition for the Appointment of Viewers to Vacate a Public Road in the Township of Munster, Cambria County, Pennsylvania:

No. 4 June Sessions, 1930.

TO THE HONORABLE, THE JUDGES OF SAID COURT:

The petition of the citizens of the Township of Munster,
Cambria County, Pennsylvania, who signed the original petition which
was filed on January 21, 1930 to the above stated number and term, by
C. Randolph Myers, their Attorney, respectfully represent:

That inadvertently there was omitted from said petition a reference to the number and term of the original case or to the number and page of the docket containing the record thereof, as required by Rule No. 308 of the Rules of the Court of Oyer and Terminer and Quarter Sessions of the Peace of Cambria County.

That as far as your petitioners are able to determine, the original proceedings in connection with the laying out of said road are entered in the Court of Quarter Sessions of Cambria County to No. 3 December Term, 1894, and said record is contained in Road Docket Vol. 4, at page 376. That a portion of said road was changed by proceedings entered to No. 9 June Sessions, 1900, the record of which is contained in Road Docket Vol. 5, at page 14, and by proceedings entered to No. 8 September Sessions, 1906, the record of which is contained in Road Docket Vol. 5, at page 180, and by proceedings entered to No. 7 June Sessions, 1913, which are recorded in Road Docket Vol. 5, at page 369.

Wherefore, your petitioners pray your Honorable Court for an order permitting them to file this, their amended petition, so as to comply with the rules of this Court in this proceeding.

And they will ever pray, etc.

By the Court McKenrier & Petition of the Inhabitants of Munster Township to Vacate a portion of a Public Road in Munster Township, Cambria County, Pennsylvania. IN THE COURT OF QUARTER SESS

No. 4. June Sessions, 1930, R.D.

Th the Honorable, the Judges of said Court: *;

- 70 × 1

We, the undersigned Viewers appointed by your honorable vacaling
Court to view and determine as to the propriety of the piece of
public road in Munster Township, Cambria County, Pa., described
in the above referred to proceedings, filed our report August 8th.
1930, to the above mentioned number and term.

That under date of 24" April, 1931, said report of viewers was referred back, by the Court, for the purpose of having said viewers give their reasons for their conclusion as expressed in said report.

Now, therefore, we further represent as follows, to wit:

That upon our view of the above referred to piece of road in Munster Township, we found that, owing to the construction; in recent years; of the new improved highways connecting various towns between which the public had formerly traveled over the piece of road in question, that the general traveling public had ceased to use the road hereinabove referred to.

That there is no one living along or adjacent to the piece of road referred to in this proceedings who would be deprived of an outlef or access to the improved highway by reason of said vacation.

That to widen this stretch of over two miles of road to a reasonable width for public travel would be a considerable expense to the taxpayers of the township of Munster and to add to this the maintenance of same would be entirely unjustifiable considering the very limited amount of traffic which it would accommodate.

The piece of road includes a very long and steep hill, which by reason of its location, must necessarily wash very considerable which would very much increase the cost of maintenance and make the burden altogether out of proportion to the usefulness either for the public or any individuals who might choose to use

the road.

Hence, considering the whole situation, we were of the opinion that the piece of road above referred to had become useless, inconvenient and burdensome to the tax payers of the township and in no wise necessary for the accommodation of the general traveling public and accordingly recommenden that it should be vacated.

Witness our hands this

day of May, A. D., 1931.

REPORT OF VIEVERS.

To the Honorable, the Judges of the Court of Quarter Sessinns of Cambria County, Pennsylvania.

We, the undersigned members of the Permanent Board of Viewers of Cambria County, appointed by your honorable Court upon the attached order and therein directed to view and determine as to the propriety of vacating a certain piece of public road in Munster Township, said county and state; beginning on the public road leading from Munster to Jamestown and ending on the public road leading from O'Haras Mills to /ilmore by way of the Welsh Settlement; respectfully report:

That having given due and legal notice of the time and place of meeting of the viewers to the Commissioners of Cambria County and to the Supervisors of the Township of Lunster, and having them accept service of notices hereto attached, and to the traveling public by printed hand bills posted in public and conspicuous places at and near the terminii and along the route of the piece of road sought to be vacated; and having each been first duly sworn according to las to perform the duties of our appointment faithfully, impartially and according to the best of our judgment and ability: All of us met at the time and place appointed in accord with the notice given and posted as aforesaid and having gone over and carefully viewed the premises, we are all of the opinion that the piece of road in question and as more particularly specified on the attached order of Court, which is returied herewith as a part of this report, is no longer necessary for the accomodation of the traveling public and therefore should be vacated.

The piece of road above referred to, a plot or draft of which is hereto attached and made a part of this report, beginning on the Kaylor - Munster - Jamestown road at a point approximately 17424 feet southward, along said road, from its intersection; in the Village of Munster; with the Pittsburgh - Philadelphia Turnpike takes the following courses and distances, viz: North, 48°.

For the convenience of the few who may chance to use the above referred to road the viewers hereby recommend that the same shall be left open as a private road.

The viewers learned that there is no one living along the length of the whole road; that approximately one mile the eof is a hill and in places very steep; that the expense of putting the same an repair and the upkeep thereof would be very considerable ane even if put an good condition the traffic would be very limited and much, if not almost all, would be for the accomodation of persons desiring to fish in the Vilmore dam.
