NOTE. "It shall be the duty of all persons appointed in the several counties of this Commonwealth to view and review any public or private road or bridge, if they shall decide in favor of locating said road or bridge, to endeavor to procure from the person or persons over whose land such location may be made releases from all claims for damages that might arise from the opening of such road or the building of such bridge; and in every case where said viewers shall fail to procure such releases, and it shall appear to them that any damages will be sustained, it shall be their duty to assess the damages and make report thereof signed by a majority of their number, and return the same, together with all releases obtained, to the Court of Quarter Sessions, and the damages so assessed shall be conclusive, or may be subject to appeal, review or modification, as may be provided by existing laws in the different counties of this Commonwealth."

"The persons appointed as aforesaid shall view such ground, and if they shall agree that there is occasion for a road, they shall proceed to lay out the same, having respect to the shortest distance, and the best ground for a road, and in such manner as shall do the least injury to private property, and also be, as far as practicable, agreeable to the desire of the petitioners."

"The viewers, as aforesaid, shall make report at the next term of said Court, and in the said report shall state particularly: First, who of them were present at the view, second, whether they were severally sworn or affirmed; third, whether the road desired be necessary for a public or private road; they shall also annex and return to the Court a plot or draft thereof, stating the courses and distances, and noting briefly the improvements through which it may pass; and, whenever practicable, the viewers shall lay out the said roads at an elevation not exceeding five degrees (except at the crossing of ravines and streams), where, by moderate filling and bridging, the declination of the road may be preserved within that limit."

To the Honorable, the Judges of the Court of Quarter Sessions
of Cambria County, Pennsylvania.

We, the undersigned members of the Permanent Board of Viewers of Cambria County, appointed by your honorable Court and upon the attached order directed to view and determine as to the propriety of vacating a certain piece of public road in Cambria Township, said county and state, beginning on the public road between Pensacola and Vinco at a point near the corner of the farms of the estate of Adam Vorhour and the farm of Norman Roberts and ending at a point on the road leading from Pensacola to the William Penn Highway near the farm of William Saylor; respectfully report:

That having given due notice of the view and of the time and place of meeting of the viewers to the Commissioners of Cambria County and the Supervisors of the Township of Cambria, and having them accept service of notices hereto attached, and to the traveling public by printed hand bills posted in public and conspicuous places at and near the termini and ~~and~~ along the route of the piece of road proposed to be vacated; and each having been first duly sworn according to law to perform the duties of our appointment faithfully, impartially and to the best of our judgment and ability; all of us met at the time and place appointed, in accord with the notices given and posted as aforesaid, and having gone over and carefully viewed the said piece of road proposed to be vacated - which said piece of road; according to the plot or draft attached to and made a part of the petition - takes the following courses and distances from the point of beginning above indicated, viz: North 24° 55' East 279 feet, North 47° East 253 feet, North 31° 30' East 190 feet, North 24° 30' East 170 feet, North 13° 40' East 267 feet, North 24° East 300 feet, North 17° 45' East 222 feet, North 32° 15' East 325 feet, North 25° 45' East 200 feet, North 21° 15' East 200 feet, North 21° 39' East 345 feet, North 30° 30' East 250 feet,

North 21° 35' East 200 feet, North 29° 45' East 150 feet, North 39° 50' East 200 feet, North 35° 35' East 250 feet, North 43° 30' East 300 feet, North 33° 30' East 260 feet, North 40° 30' East 600 feet and North 44° East 300 feet to the point of ending indicated on the attached order of the Court.

Having thus viewed the piece of road referred to we found same in fair condition but evidently not having had any work on for many years and apparently very very little used and no one appeared at the view or made any suggestion of same being necessary for the accommodation of the traveling public hence we have concluded same is not necessary for the convenience of the traveling public or for those living in the immediate vicinity thereof and therefor recommend that it be vacated.

Witness our hands this twentieth ninth day of June, A. D., 1931.
