Petition for View to Establish Public Road

To the Honorable Judges of the Above named Court:

The Petition of the undersigned Citizens of West Taylor Township Respectfully Represents:

1. That they are all taxpayers and landholders in the said Township, and are residents therein.

2. That their lands adjoin a road, now unimproved and almost unimpassable, which the Township Road Officers have refused or neglected to maintain on the ground that it has never been designated or accepted as a public road.

3. That the said way or road has been in general use by the undersigned and other members of the public for more than twenty-one years, and there is not now, and has not been any objection to this usage.

4. The present way or road commences at a point on the road leading from Tannersville to route 314, about one thousand feet south of the Laurel Run Reservoir, or the paved section of said route; it extends for a course of about One and one-half miles to an Oak Tree on the land of Steve Kushnack, at or about the line of Jackson Township. The course of the road is due North from the starting point on the said Tannersville to Route 314 road.

5. That this way or road described is the only means of ingress or egress to and from their lands available to the undersigned, and there is no other route possible on account of the mountainous terrain.

Your petitioners therefore pray the Court to provide for an establishment of this road as a public road, in order to give authority to the Township Road Officers of West Taylor Township, Cambria County, Pennsylvania, to properly maintain it, and to provide for a view of the said route or way, in order that its route shall be determined, and to provide and appoint viewers.

IN RE: VIEW TO ESTABLISH  
PUBLIC ROAD IN WEST TAYLOR  
TOWNSHIP, CAMBRIA COUNTY,  
PENNSYLVANIA.

IN THE COURT OF QUARTER SESSIONS,  
CAMBRIA COUNTY, PENNSYLVANIA.  
NO. 8 JUNE SESSIONS, 1931.

REPORT OF VIEWERS.

TO THE HONORABLE, THE JUDGES OF SAID COURT:

We, the undersigned Viewers, appointed by the annexed order of Court to view the above premises for the purpose of supplying a public highway, beginning at a point on road leading from Tannersville to Route 314, about one thousand feet south of the Laurel Run Reservoir, or the paved section of said route, and extending for a course of about one and one-half miles to an Oak Tree on the land of Steve Kushnack, at or about the line of Jackson Township; the course of the road being due north from the starting point on the said Tannersville to Route 314 Road, all in the Township of West Taylor, Cambria County, Pennsylvania, respectfully report:-

That on the third day of August, 1931, S. E. Dickey was substituted to take the place of Philip E. Caulfield, who was one of the Viewers appointed; said substitution having been made for the reason that Philip E. Caulfield is ill and unable to perform his duties as a Viewer.

That we were duly sworn or affirmed as members of the Permanent Board of Viewers of Cambria County, as shown by the records filed in said Court; that we gave due public notice of the time and place of said meeting of the Viewers by hand bills posted upon the premises and notice served upon the Commissioners of Cambria County and upon A. M. Adams, Secretary of the Board of Supervisors of West Taylor Township, and upon J. Don O'Connor, Esq., Attorney for the Petitioners, all of whom accepted service at least ten days prior to the time of the making of said view, evidence of which is shown by copies of said notices hereto attached and made a part of this report; that we met upon the premises according to the notice given, at the place of beginning at point near the Laurel Run Reservoir, on the fourth day of August, 1931, at eight thirty o'clock A. M., Eastern Standard Time, and proceeded with the duties of our appointment.

We viewed the site and locality of the road ~~of the road~~ proposed to be laid out, making a personal inspection of the ground between the points designated in the petition and order. There were present at said view a large number of citizens interested in having the road laid out, together with J. Don O'Connor, Esq., who represented the Petitioners; the Supervisors of the Township of West Taylor; and all of the members of the Board of Viewers. After spending considerable time in going over the road proposed to be laid out, from its place of beginning to its point of ending, the Supervisors requested that the hearing be continued until a later date, for the purpose of showing the Board of Viewers that said road was not a necessity. Pursuant to said request it was mutually agreed by and between all of the parties that said view be continued until Friday, August 7, 1931, at one thirty o'clock P. M., Eastern Daylight Savings Time, at the offices of the County,

in the First National Bank Building, corner of Main and Franklin Streets, Johnstown, Cambria County, Pennsylvania, for the purpose of taking testimony.

Pursuant to said continuance had thereto, we met in the County Rooms, in the First National Bank Building aforesaid, on Friday, August 7, 1931, at one thirty o'clock P. M., Eastern Daylight Savings Time, for the purpose of hearing all testimony. The Supervisors withdrew their objections to the laying out of said road, if the petitioners did not insist that the road be laid out any further than is shown in green on a blue print hereto attached and made a part of this report. The petition asked that the road continue for a considerable distance beyond the said point, as indicated in green on said blue print. The petitioners being satisfied with the request of the Board of Supervisors, we accordingly laid off a public highway, as is indicated in green on a blue print hereto attached and made a part of this report.

We, therefore, lay off, for the use of the public, a highway beginning at a point at intersection of a public highway known as the Tannersville Road, leading from Johnstown to Chickaree School, and known as the Brick Road, westwardly 400 feet from the intersection of the dirt road leading from the end of the brick road to Chickaree School; thence from said point north 30° 35' West 267 feet to Station 1; thence North 36° 10' West 205.26 feet to Station 2; thence North 30° 36' West 528.73 feet to Station 3; thence North 17° 11' West 1194.2 feet to Station 5; ending at a private lane and intersecting with a private lane, said last mentioned private lane being a portion of the road petitioners had petitioned should be laid out as a public highway.

There is hereto attached and made a part of this report, a Release of Damages executed by all property owners abutting on the hereinabove described proposed public highway. All of the parties thus affected having executed the release of damages except one, Nelson Berkebile. The Board of Viewers assess no damages to Nelson Berkebile for the reason that said road greatly benefits the said Nelson Berkebile and far exceeds any damages which may accrue to him. The Board of Viewers have taken into consideration all of the facts involved in the case, and believe that this compromise is fair and equitable to the Board of Supervisors of the Township of West Taylor, as well as the petitioners.

We, therefore, lay off for public use the road hereinabove described, and as is shown on a blue print hereto attached and indicated by green.

WITNESS our hands and seals this eleventh day of August,  
A. D. 1931.
